My Remuneration

The cost of providing a financial advice service to you including initial consultation, strategy development, product considerations and a statement of advice including implementation of that advice will depend upon the nature and complexity of the advice and or service provided. You will be charged a fee-for-service for this. If we provide advice for insurance, this involves the payment of Brokerage/Commission and may cover the cost of your advice document.

Prior to preparing any advice or providing financial services to you, we will discuss and agree upon all forms of remuneration that will apply. Full details of all fees and/or commissions will be outlined in the statement of advice that I will provide to you.

The relationship between Australian Advice Network and the Practice is a cost sharing agreement. This agreement stipulates that 100% of remuneration is paid to the practice. AAN will invoice the practice for their share of costs incurred by AAN in operating the licence.

I am paid a salary and receive a profit share in the form of distributions by the Practice.

Fees and/or commissions payable are separated into either initial or ongoing fees or commissions.

For initial advice, including the preparation of a Statement of Advice, the fee starts at \$1,100 (incl. GST) however this fee will vary depending on the complexity of the advice and the number of entities involved in the advice – for example, discretionary trusts, companies and self-managed superannuation funds.

Any ongoing fees can range up to 1.1% (including GST) of the investment amount or can be an agreed fee which will be reviewed annually.

If the practice is paid an initial commission for insurance products, it will receive 0% to 66% on the premium of the insurance. If the practice is paid an ongoing commission for insurance products, it will receive 0% to 22% on the premium of the insurance. This is not applicable where insurance is placed as a group risk policy inside superannuation or where the policy is for the benefit of the member of a default fund.

The following examples illustrate how the fees and commissions are calculated.

With a flat Statement of Advice fee of \$2,200, the Practice would receive \$2,200.

With a 1.1% Adviser Service Fee paid on a \$150,000 investment, the Practice would receive \$1,650.

On a \$3,300 per annum ongoing adviser service fee, the Practice would receive \$3,300 per annum.

On a \$1,000 annual insurance premium with an initial commission of 66%, the Practice would receive \$660.

On a \$1,000 annual insurance premium with an ongoing commission of 22%, the Practice would receive \$220.

Referral Arrangements

Neither Insure Invest Pty Ltd or DMA Financial Strategists will pay a third party nor receive payments from a third party for any referrals.
